## 'On Golden Pond' Clip Shown During Oscars

Highlighting the Academy Awards show Tuesday evening was the presentation of a special Oscar to Henry Fonda, a 46-year veteran of stage and screen.

The board of directors of the Academy of Motion Picture Arts and Sciences voted the special award to Fonda for his outstanding contributions to the movie industry.

During the presentation

the Academy showed scenes from many of the films in which the well-respected actor has starred.

The last clip was from "On Golden Pond" the movie made in the Centre Harbor-Holderness area this past summer.

"On Golden Pond" features Katharine Hepburn and Henry Fonda as Ethel and Norman Thayer, an elderly couple who spend

their summers at a lake-side cottage. Also featured are Jane Fonda, Dabney Coleman and Doug McKeon.

The scene shown Tuesday evening depicts Norman being given a birthday party by his wife and daughter (Jane) and her fiancé and his son (Dabney and Doug).

The film was directed by Mark Rydell and is a Mark Rydell IPC-ITC Production. It is now in its post production phase and is scheduled to be released this fall.
